

## FEDERAL VOTING ASSISTANCE PROGRAM

DEPARTMENT OF DEFENSE  
WASHINGTON, DC 20301-1155

September 17, 2007

Honorable Jay Dardenne  
Secretary of State  
P.O. Box 94125  
Baton Rouge, Louisiana 70804

Dear Secretary Dardenne,

I would like to thank you for the work you and the state of Louisiana have done over the past several years to promote and support the legislative initiatives the Federal Voting Assistance Program (FVAP) has recommended. The 2006 elections pointed out the importance of the states enacting these legislative initiatives. In particular, the provision of 45 or more days for ballot transit; electronic transmission of Federal Post Card Applications, blank ballots, and voted ballots; and, authorization for the state chief election official to implement emergency measures. States with these provisions were able to support a greater number of situations faced by our brave men and women serving in combat areas such as Iraq and Afghanistan, and other U.S. citizens worldwide. I would ask you also to consider alternative methods that these citizens could use to request their absentee ballots such as phone, email or by proxy, and utilizing digital signatures with electronically transmitted materials.

After reviewing Louisiana's existing election code and procedures, I have identified five initiatives that the Louisiana legislature might consider during the upcoming legislative session. These initiatives are discussed in detail with suggested wording in the enclosed legislative initiatives document. If these initiatives are enacted and signed into law, they would significantly help to facilitate the absentee voting process for Louisiana's citizens covered by the *Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA)*. Information available to FVAP indicates that there are 18,554 Uniformed Services members, an estimated 13,916 family members and approximately 59,500 overseas citizens that claim Louisiana as their voting residence.

As you review the enclosed initiatives for possible inclusion in Louisiana's 2008 legislative agenda, please do not hesitate to contact us for assistance. We can provide legislative wording that other states have enacted to implement similar measures and provide written or in-person testimony, if desired. We have come a long way in simplifying the absentee voting process since the enactment of the *UOCAVA*—let's continue our joint efforts to achieve the simplest possible absentee voting process while maintaining its integrity.

Sincerely,

A handwritten signature in dark ink, appearing to read "J. Scott Wiedmann", is written over a horizontal line.

J. Scott Wiedmann  
Deputy Director

Enclosure:  
2008 Legislative Initiatives and Suggested Wording

## **Louisiana 2008 Legislative Initiatives and Sample Language**

### **The Need for 45-Day Ballot Transit Time**

The most persistent problem, which continues to face Louisiana military and overseas voters, is the extremely short period of time these voters have to receive, vote, and return their absentee ballots **for non-Presidential elections**. While electronic transmission of election materials offers an alternative to inadequate ballot transit time in emergency situations, the fact remains that insufficient ballot transit time through the mail continues to be the primary obstacle to ensuring timely delivery of absentee ballots for those who request them. Our post-election surveys and Postal Service statistics indicate that a **45-day transit time is needed** for absentee ballots sent through international mail or the military APO/ FPO (overseas) post offices. This round trip transit time is especially necessary because of the remote location of many military personnel and overseas citizens such as sailors and marines aboard ship, airmen and sailors at isolated tracking sites around the world, as well as Department of State personnel and citizen employees of American multinational corporations in remote areas. **Forty-two** states currently have a 45-day transit time for other elections **in addition to presidential elections**.

### **Sample Language**

*For all elections, the official charged with the printing and distribution of ballots and election materials shall print as many absentee ballots as may be necessary as soon as possible after receiving the information concerning candidates and measures to be voted on at an election, and balloting materials shall be mailed not later than the 45th day before the election.*

### **Late Registration Procedures**

We recommend that **Louisiana allow persons recently separated from the Uniformed Services or overseas employment, and their family members, to be able to register late or be exempt from registration**. Many members of the Uniformed Services and overseas citizens go through a transition period when they first leave the Uniformed Services or overseas employment and may reside in your state just prior to an election and this time frame does not meet your state's normal residency requirements. Often, the date of discharge or termination of overseas employment and a state's registration requirement combine to disenfranchise a discharged military member or overseas citizen returning home after employment abroad. Special procedures to allow these persons to register and vote would solve this problem. **Twenty-nine** states currently allow such procedures.

### **Sample Language**

*An individual, or accompanying family member who has been discharged or separated from the Uniformed Services, the merchant marine, or from employment outside the territorial limits of the United States, too late to enable him or her to register by the regular state deadline for registration, shall be entitled to register for the purpose of voting at the next ensuing election after such discharge, separation, or termination of employment.*

### **Enfranchise Citizens Who Have Never Resided in the U.S.**

There are many U.S. citizens who have never resided in a state and under current law are not entitled to vote. These are usually first or second-generation citizens who are subject to U.S. income tax and all other requirements of citizens. Except for the fact that they have never resided in a state, they would be eligible to vote in elections for Federal office. Some local election officials make exceptions and allow these citizens to vote. **Fifteen** states have passed legislation allowing these citizens to claim the legal residence of a parent. **We recommend these citizens be allowed to vote in elections for Federal offices** where either parent is eligible to vote under UOCAVA.

### **Sample Language**

*If a U.S. citizen outside the United States who has never lived in the United States has a parent who is a qualified elector, then that person is eligible to register and vote where his or her parent is a qualified elector.*

### **State Special Write-In Absentee Ballot**

We also recommend Louisiana provide a state write-in absentee ballot for all elections, *not only for the General election*. The purpose of the state write-in absentee ballot is to **provide a method for voting by military and other persons overseas who, due to military contingencies or special circumstances such as those faced by submariners, Peace Corps volunteers, missionaries or others in remote areas, will be out of communication for extended periods of time and unable to receive the regular ballot from your state in the normal time frame**. A voter could request a state write-in absentee ballot 90 days in advance and write in the names of the candidates or party preferences. The voter knows in advance that he or she will not be able to receive, vote, and return the regular ballot from the state in time to be counted. **Twenty-seven** states now provide state write-in absentee ballots.

This state write-in absentee ballot should not be confused with the Federal Write-In Absentee Ballot (FWAB) that is prepositioned at Embassies and Consulates, military installations, overseas organizations and corporations. In comparison, the FWAB is generally only available to military stationed overseas and overseas citizens who have already applied for a regular ballot from the state. They do not know in advance that they need the FWAB. However, if the regular ballot from the state does not arrive in sufficient time for the voter to return the voted ballot and meet the state deadline, these voters may obtain, vote, and return the FWAB to the local election official.

It is also important to note that a state write-in absentee ballot usually provides a “full” slate of offices to be voted upon including Federal, state, and local offices. On the other hand, the FWAB generally allows voting for Federal offices. There are presently **Thirteen** states that have expanded the use of the FWAB beyond Federal law. The revised FWAB was designed to accommodate its use beyond the general election and Federal offices only.

### **Sample Language**

*If the voter is a U.S. citizen residing outside the United States or is a member of the United States Uniformed Services, merchant marine, or family member, and a qualified elector, he or she may request, not earlier than 180 days before an election, a state write-in absentee ballot. The voter must submit with the request a statement that provides that due to military or other contingencies that preclude normal mail delivery, the elector cannot vote an absentee ballot during the normal absentee voting period.*

### **Expand Use of Federal Write-In Absentee Ballot**

Currently the Federal Write-In Absentee Ballot (FWAB) may be used only in general elections for Federal offices only. This ballot is prepositioned worldwide at Embassies and Consulates, military installations and overseas organizations and corporations with American membership. **By expanding its use to include special, primary and runoff elections for Federal offices,** citizens would not be disenfranchised because regular ballots are not received in a timely manner. Frequently, there is insufficient time between the call for a special election and the actual election and between primary and runoff elections. Allowing use of the FWAB in these elections would reduce the possible need for legal action when insufficient time exists for the ballot to be received, voted and returned to be counted. During past primaries, on an *ad hoc* basis, several states and jurisdictions allowed the FWAB to be used for offices other than Federal offices. **Thirteen** states have legislatively expanded its use beyond the Federal law.

In addition, for those citizens that desire to vote in elections for Federal office only, the acceptance of the FWAB voter declaration as **a request for registration simultaneously with the submission of the FWAB** would further simplify the process, improve on transit time and help ensure enfranchisement. It should be noted that the information requested on the voter declaration is basically the same as the information requested from the voter on the Federal Post Card Application (FPCA). We recommend the FWAB be accepted simultaneously as a registration form and ballot by the state for general election and Federal offices if:

- (1) the information submitted complied with the state's registration requirements;
- (2) the voter is otherwise eligible to vote absentee in the jurisdiction where the request is submitted;
- (3) the request is received by the appropriate state election official not less than 30 days before the election or by the registration deadline established by the state, whichever is later.

The adoption of this initiative would save the state money and alleviate administrative responsibilities on the part of the local election official.

### **Sample Language**

- Expanded use of the FWAB:

*If the voter is residing outside the United States or is a member of the United States Uniformed Services, merchant marine, or a family member and a qualified elector, he or she may use the Federal Write-In Absentee Ballot in general, special, primary, and run-off elections for local, state and Federal offices.*

- Use of FWAB as a Combined Request for Registration and Ballot Submission:

*If the voter is residing outside the United States, or is a member of the United States Uniformed Services, merchant marine, or a family member, and a qualified elector, he or she may use the Federal Write-In Absentee Ballot (FWAB) voter declaration as a request for registration simultaneously with the submission of the FWAB if:*

- (1) the information submitted complies with the registration requirements of the state;*
- (2) the voter is otherwise eligible to vote absentee in the jurisdiction where the request is submitted; and*
- (3) the request is received by the appropriate state election official not less than 30 days before the election or by the registration deadline established by the state, whichever is later.*

### **Elimination of Witness/Notary Requirement**

Louisiana requires that the ballot return envelope Certificate be signed in the presence of two witnesses. These witnesses must also sign the envelope. We recommend that **Louisiana eliminate the requirement for voting materials to be witnessed for uniformed service members and overseas citizens.** While such requirements may be appropriate for local or in-state absentee balloting, they create an additional burden to the uniformed service and overseas voters in order to return a voted ballot.

### **Sample Language** *(suggested if witnesses are required for local or in-state absentee ballot)*

*If a voter is residing outside the United States or is a member of the United States Uniformed Services or a family member of a member of the Uniformed Services, and he or she is a qualified elector and is required to execute an affidavit or form for the absentee ballot, he or she may subscribe to a self-administered oath, under penalty of perjury.*
